May is Schmartboard Header and Jumper Month

Shared by Schmartboard, Inc.

blog.schmartboard.com - Schmartboard sells a lot of headers and jumpers. We do for two reasons. First, our jumpers are better quality than many of our competitors who all source the same product through the same Chinese...

Ohlone College Students Approve of New Schmartboard

blog.schmartboa...

blog.schmartboard.com - We were able to have introductory electronics students test drive the new Schmartboard Bread Protoboard. In their first lab without this product it was more difficult transferring the components to...

The Future of Everything.

blog.schmartboa...

blog.schmartboard.com - Schmartboard was a co-sponsor in a competition for the Ferriss Project. The competition was entitled Visions of Tomorrowland. As a sponsor, Schmartboard's Neal Greenberg, was also a judge. Crit...

Hope For Our Future Runs Eternal

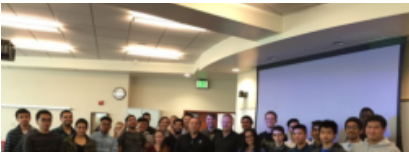

Shared by Schmartboard, Inc.

blog.schmartboard.com - We are inundated by bad news, bad statistics, bad ethics, bad manners and bad expectations for the future. Many of us yearn for a time when it seemed like things were more positive, more

manageable...

Schmartboard, Inc.

Welcome to SchmartBoard! SchmartBoard is the destination for people who want to hand solder surface mount (SMT) components. Are you an engineer, technician, educator, student or DIY hobbyist who has avoided utilizing SMT components? Those days are officially over.
