Fancube USB Dongle

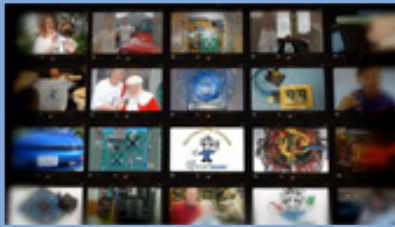

SchmartBoard Strategic Partners

On occasion we find a good video which utilizes Schmartboards. Here is a good one from back in July 2010 that we were previously not aware of. It is a "[Funcube VHF, UHF and L band USB Dongle](#) all purpose narrow band satellite and terrestrial receiver."

Just for Fun

Schmartboard has created a [fun new video](#) in a rock and roll genre to promote our brand. Just for fun, we plan to release a new video each month. Some will be corny, some goofy some probably kind of lame...but we enjoy having fun with our products and have no problem laughing at ourselves when the results are in. We know our products are great, so a little fun at our expense on the creative is okay. Enjoy...or not! :o)
