

## January Service Special

Did You Know That SchmartBoard Offers Engineering and Manufacturing Services?

We can help you with circuit design, layout, fabrication, & much more.

We would like to offer our layout services to SchmartBoard customers and the ridiculous price of \$30/Hr. as an introduction through the end of January 2010.

To have us quote on your layout or other service, send us an e-mail to [info@schmartboard.com](mailto:info@schmartboard.com) and mention this special or call us at 510-659-1549 x13.

## SchmartBoard New Year's Special

For the month of January, we want to help you ring in the New Year with every SchmartBoard order of \$20 or higher. What new projects do you plan to build this year? We would like to help you start the year off right by giving you one of our standard through hole boards (201-0001-01) with every order of \$20 or higher. This is our best selling and most versatile SchmartBoard.

**New Customer Loyalty Program Coming in Jan.**

Important SchmartLinks  
for you to bookmark:

**SNEAK PEAK:** The SchmartMoney program will be announced very soon in January, keep your eyes open for the announcement. Basically, it is like the airline mileage programs in that you earn SchmartDollars (points) with every purchase of SchmartBoard products and services. Where it is different is that you can turn the SchmartDollars in for merchandise but also real cash.

## **This Month's Winners:**

**This Month's SchmartBoard Contest Winner:** This month's winner of a \$30 combo pack is **Allan Hale** who works for URS Corporation in Cincinnati, OH. According to Allan: "Preformatted PCBoards allow a better scale-up for projects than going to the extent of etching individual boards or the "Manhattan" or dead bug construction methods and look better also." His current project is an OP amp circuit to interface a conductivity probe ORP with a data logging circuit for application in monitoring soil REDOX conditions in the field.

**This Month's PIC SchmartModule Contest Winner:** This month's winner of a new PIC SchmartModule is **Eugene D. Phillips** of Brunswick, GA.

**This Month's Propeller SchmartModule Contest Winner:** This month's winner of a new Parallax Propeller SchmartModule is **Tim Chapman** of Cheyenne, WY, He plans to use it for "Robots for mentoring students in robotics. Underwater robotics projects."
