

### New SchmartBoard Forum

SchmartBoard is happy to announce the introduction of a new forum. This forum can be used to ask which SchmartBoard to use for a particular component, to upload photos of projects, to discuss electronics and robotics in general, to make recommendations of future products, that SchmartBoard should introduce, to post engineering job opportunities, and anything else electronics related that you'd like to share or get help on. The forum is at <http://forum.schmartboard.com> Sign up today.

### Website Overhaul

The forum, mentioned above, is part of an overhaul on the SchmartBoard website. Over the next month or two, you will find the home page changing to make navigating easier, as well as the product pages. You will also notice new tools to make finding the correct Schmartboard for your application easier, and new videos to make using SchmartBoard more simple as well.

Important SchmartLinks for you to bookmark:

Schmartboard has released a number of new products.

- 1) A new line of SMT Connector prototyping boards, supporting .4mm, .5mm, .8mm, 1.0mm, and 1.27mm pitched connectors from companies such as Molex, Tyco, Samtec and Hyrose. The boards retail for \$9.99 each, or in 10 packs for \$80.00.
- 2) A new size of jumpers. We now offer 9" female jumpers to go with the 2", 3", 5", 7" and 12" jumper family. As with all of our female jumpers, the retail price is \$5 for 10 jumpers and a row of 40 headers. A 100 pack of 9" jumpers is just \$38.00.
- 3) A new combo pack of jumpers is now available. For \$38, you get 20 of the 2", 3", 5", 7" and 9" jumpers.

## Clearance Reminder

We still have plenty of clearance items while they last.

## Award

For the second year in a row, SchmartBoard has been recognized by the U.S. Commerce Association (USCA). "The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community."

## This Month's Winners:

This Month's SchmartBoard Contest Winner: This month's winner of a \$30 combo pack is Michael McKnight who works for EuphTub Studios in Justin, TX. According to Michael: "Currently I am prototyping a preamp with a variable input impedance. The only prototyping equipment I have are old Archer products made for Radio Shack in the 70's and 80's. Needless to say, they are a little dusty. I am simply on a quest to upgrade my lab to the best equipment, and your company keeps coming into conversations. I feel that your product, if it is as good as everyone says, will boost my productivity."

This Month's SchmartMoney Winners: Each month three people will be awarded \$10 in SchmartMoney. You have to be signed up to win though. This month's winners are:

Simon Chantrill of Multitrode Pty Ltd .in Moorooka Queensland, Australia  
Marva Sherrill of Palm In Sunnuvale, CA, USA  
Rana Richards of Aeroflex In Colorado Springs, CO, USA

SchmartBoard, Inc. 48521 Warm Springs Blvd. Fremont, CA 94539
