## SchmartBoard to Give 3% of Online Sales to Indonesia Victims

As we have done during Hurricane Katrina, and the Asian Tsunami, we have agreed to work with AmeriCares to give 3% of our online sale from June through September of this year to the victims. The 6.3 magnitude quake has killed more than 5600 people, not to mention those who were left homeless or injured. For those who are interested in giving to the victims, we proudly recommend AmeriCares as an organization for this.

## Upcoming Appearance

For the second year in a row, SchmartBoard will teach a class at the National Youth Leadership Forum on Technology. SchmartBoard will teach high school aged students how to hand solder surface mount components, using SchmartBoard|ez technology. The National Youth Leadership Forum on Technology is an annual nine-day program that brings together the most gifted high school students with top-level educators and industry professionals from institutions like Apple, Cisco, Dell, IBM, Intel, Lockheed Martin, Motorola, Oracle, SchmartBoard, Silicon Graphics and Sun Microsystems.

## Schmartie Award Update

Schmartie Award entrant Jay Atkinson has submitted his first circuit to our contest. It is a "8032 Microcontroller Module" When Grant AL. based Jay is not busy designing circuits for the Schmartie Contest, he is a design engineer at Adtran.

## SchmartBoard in the Press

Schmartboard has been written up in the June *Nuts and Volts Magazine* and *Printed Circuit Design and Manufacture*. SchmartBoard has also started to get attention from the fringe electronic hobbyist areas. The summer issue of *Robot Magazine* mentions our EZ licensing program. *QST Magazine*, the premier magazine for Ham Radio enthusiasts, has introduced SchmartBoard's technology to their users. With that in mind, we decided to make our June Professor Schmart graphic a ham radio user.

## Schmartboard June Contest Winner

This month's winner of a \$30 combo pack is hobbyist, Alex Mendelsohn of Kennebunk Maine.
