New SMT to DIP Adapters

Schmartboard has released two new SMT to DIP adapters. Now you can work with ICs with as many as 64 leads on a breadboard. The **204-0018-01** supports QFP and QFN packages with a .5mm pitch and 64 leads. The **204-0019-01** supports QFP and QFN packages with a .5mm pitch and 56 leads. As with the full family, our patented "ez" technology is utilized to make hand soldering of these difficult IC's fast, easy and flawless. The 204-0018-01 has a retail price of \$7 and the 204-0019-01 is \$6.00

SchmartBoard Strategic Partners

June Special - PSoC

For the month of June, our Schmartboard Cypress PSoC Development board is \$30.00 instead of the normal \$35.00. These boards have a boot loaded PSoC 5LP. This means you do not need a programmer. You just plug it in and go. This gives you the power of PSoC at

the price and ease of use of Arduino. This is a limited time offer, if you every wanted to play with this very flexible technology, now is your best opportunity.

New Product Line - Raspberry Pi

We have releases a whole family of **Raspberry Pi prototyping products**. Like with our **Arduino family**, Schmartboard will be the only solution to hand solder surface mount components such as QFN or with pitches of .5mm.

Schmartboard Now At Amazon.com

At the request of many, Schmartboard is now available through **Amazon.com**. The majority of our products are listed and can be shipped worldwide at a reasonable cost.

New Schmartboard Affiliate Program

Schmartboard has partnered with **ShareASale** to offer an affiliate marketing plan. Sign up there as an affiliate and add a Schmartboard banner to your website or blog. If someone clicks through and orders, you get a **20%** commission. In fact, if you are Schmart, you'll use your own Banner Link to get a **20%** rebate on your own Schmartboard orders. Let us know that you have added a banner and we will link your page on our resource page to get you more hits and a higher rating.

A personal note to our valued customers

As a small but innovative company, we rely on our happy customers to tell their friends and colleagues about Schmartboard. The best place to direct them is to receive a **free demo board and chip.**

Additionally, we invite you to subscribe to any of our social media sites. If you choose to leave a kind word in the comments section, we would most appreciate it!

Lastly, Schmartboard started originally as an engineering services provider. We still offer PCB Design, fab, assembly, and other services. **Please consider getting a quote** from us for your next project. We are good at what we do and priced aggressively.
