SchmartBoard Releases 3 More SMT to DIP Boards

The first new board is a .5mm QFN/QFP to DIP Adapter. Included in the package are .5mm pitch adapter boards for 12 leads and 24 leads. The second new board is a .5mm QFN/QFP to DIP Adapter. Included in the package are .5mm pitch adapter boards for 16 leads and 20 leads. The third board supports both .5mm pitched 32-pin QFP and QFN devices.

These boards also include room for 0805 SMT discrete components such as a bypass capacitor and pads for easy access to a ground. A plated hole in the center of the device area, allows for the addition of solder to utilize ground pads on the bottom of the component when applicable. Included with all of these boards are a row of headers to use for mounting to a breadboard.

There has never been a way for users to use tight-pitched QFN devices in the past. The suggested retail on each of these 3 new products is \$5.00

SchmartBoard Now Offering Custom "ez" Boards

Do you have a need for SchmartBoard|ez technology that can not be addressed by our current standard prototyping board selection? Creating a custom board may be the solution for you.

As a reference, SchmartBoard can create a 2" x 2", two Layer custom prototyping board with EZ technology in most cases for a \$300 one time NRE(non-recurring engineering cost), plus \$10 per board (10 minimum).

Electronics For Everyone™

SchmartBOARD™
www.schmartboard.com

- Do you have a website or Blog?
- Could you use some extra cash without any effort?
- Would you like to give yourself a 20% discount (10% discount + 10% earned on purchase) and a 10% discount to others on SchmartBoard products?

If you have a website that attracts the electronics & DIY community, simply place a banner that links to Schmartboard on your page. The banner offers a 10% discount via a code to your visitors. When a user implements the code during checkout they receive 10% off and you earn a check for 10% of their total purchase (minus shipping and sales tax). Upon receipt and approval of your application, we will issue you a banner with your discount code. The banner will be to your specifications in size and proportions. Schmartboard will also list your page in a link section for recommended pages.
