SchmartBoard Day at Hobby Engineering

SchmartBoard distributor Hobby Engineering of Millbrae California held SchmartBoard Day on July 15th. Patrons were able to get a demonstration of SchmartBoard|ez while they took a look at all the other great stuff there. On display at Hobby Engineering are Robot Kits, Remote Control Vehicles, Microcontroller projects, and a lot of other neat stuff. If you are in the Bay Area, it's worth a visit...or you can check out www.hobbyengineering.com. Al Margolis (on the left), Hobby Engineering's president, demonstrates SchmartBoard technology to onlookers.

Kevin Lee Of Australia Thinks the Professor Should Hang Five

Each month Professor Schmart is shown doing something different. Why?...Why not?! We may use some in the future for t-shirts, posters....whatever we think of. But rather than us having all of the fun, coming up with different themes, we'd like your help. Send us some ideas of what you'd like to see the professor doing in an upcoming newsletter. If we use your idea, we'll give you credit and a free panel of fist generation SchmartBoards. Kevin Lee, who works for Dematic Australia gave us the idea of Professor Schmart surfing on a SchmartBoard. Being in California, we liked it. The graphics are made available for download for use as wallpaper, etc. e-mail your ideas at info@schmartboard.com

Schmartboard August Contest Winner

This month's winner of a \$30 combo pack is hobbyist, Curtis Valentine of Intel Corporation.
