2nd Schmartie Award----Win \$1000+

The Grand prize is \$1000 and creation of a SchmartModule based on the winning circuit design. SchmartBoard will market the SchmartModule worldwide and the winner will also receive a 10 percent commission to be paid quarterly. The winner will receive worldwide notoriety, as his or her name will be silk-screened on the product as the SchmartDeveloper.

Second prize is a DS08502 Digital Oscilloscope from Link Instruments and third prize is a Weller WD1002 Soldering Station from Cooper Tools. Three honorable mentions will receive a Parallax Boe-Bot. All entrants who post a schematic will receive a SchmartBoard t-shirt and free SchmartBoards to build their circuit. Winners will be announced in January 2008.

We Need Your Story!

A major publication has asked us to supply some customer success stories. They need to know how SchmartBoard has made your life easier in prototyping, testing, etc. Contact neal.greenberg@schmartboard.com ASAP with your story. You may be interviewed for the story!

Schmartie Spotlight

Each month we will spotlight one of the Schmartie Award contestants. This month we meet Harinath Raju. Harinath is from Hyderabad, India. According to Harinath "My purpose of existence in this planet is to DESIGN AND MAKE THINGS WORK. I am' a student pursuing graduation in electronics from Hyderabad, INDIA." Check out his projects and others at: www.schmartdeveloper.org

Getting "EZ" is Now Easy

With more and more of you requesting quotations for custom PCBs with SchmartBoard's "EZ" technology, we had to find an easier way to quote pricing for these projects. We now have an online form for this. You can also use it for non-"EZ" PCB quotations as well. We will soon offer online forms for other services we offer such as assembly services.

New Distributor for Mexico and Latin America

Electronic Estudio es muy Schmart. They now stock the full line of SchmartBoards for our amigos' south of the border. Bravo!
