Schmartboard Welcomes Micro Center to Our Family of Distributors

Schmartboard is pleased to announce that **Micro Center** will now carry Schmartboard products in their 23 locations and also in their online store. Products should be on the shelves

by the end of September. The great advantage to having **Micro Center** is that they will offer many of our most popular SKUs at locations where Fry's Electronics is not currently located. Some of these locations are Denver, Boston, Kansas City, Baltimore, Cincinnati, Philadelphia, The DC area and NYC area.

Schmartboard in the Press

The always entertaining, extremely knowledgeable Dave Jones of **EEVBLOG** covered the **Schmartboard PSOC Development Board** in his popular Monday Mailbag segment in August. You can find it at 28:15. It sounds like a video segment dedicated to this product might be forthcoming from the tech-man down under.

September Is GreenArrays Month at Schmartboard

For the month of September Schmartboard will ship a **GreenArrays GA144 IC** with a Schmartboard to fit the .4mm pitched 88 lead QFN device for **\$20 (Normally \$34.95)**. This is the perfect opportunity for you to try these Ultra-low-powered multi-computer chips with integrated peripherals.

Come and Celebrate with Schmartboard

Schmartboard has relocated to the historic Centerville section of Fremont, CA. Join us on **October 12th from Noon to 3 P.M.** as we celebrate our new location.

- Come and meet and have your photo taken with Oakland Raiderettes: Chanel Nichols and Ashley Brown

- Hand solder a chip using Schmartboard's patented "EZ" technology which makes hand soldering fast and easy

- Contest with prizes from Schmartboard, other technology companies and local Centerville businesses.

- Special offers not available to the general public.

- Giveaways, Food

More information to come in the next newsletter!!

Arduino Book & Shield Contest

Win the new book "Exploring Arduino: Tools and Techniques for Engineering Wizardry" by Jeremy Blum with a free Schmartboard Arduino UNO Prototyping Shield. Schmartboard will give away one prize in September, October and November of 2013. You only have to enter once.

This month's winner is **Brian Laschkewitsch of learntodiscover.org**

Cypress PSoC Contest

The winner of the contest this month is: **is Robert Likamwa, a student at Rice University.**

His plans for the module: "A glove-based presentation 'clicker'. Capacitive touch in certain areas of the glove will allow the user to control the slide, going forwards or backwards."

A personal note to our valued customers

As a small but innovative company, we rely on our happy customers to tell their friends and colleagues about Schmartboard. The best place to direct them is to receive a **free demo board and chip.**

Additionally, we invite you to subscribe to any of our social media sites. If you choose to leave a kind word in the comments section, we would most appreciate it!

Lastly, Schmartboard started originally as an engineering services provider. We still offer PCB Design, fab, assembly, and other services. **Please consider getting a quote** from us for your next project. We are good at what we do and priced aggressively.
