

New Male to Female Jumper Products Added

breadboard and are priced to move.

After some positive feedback from some of you, Schmartboard has added 3 new lengths of male to female jumpers and also a number of new combo packs to male to female jumpers to our lineup. We have added 7", 9" and 12" to our current 5" male to female offering. These are perfect for going from a circuit board to a

Schmartboard Apparel-Look Like a Schmarty

Schmartboard has opened an apparel store that makes it easy for fans of our products to buy their choice of clothing type and color with the Schmartboard "Electronics For Everyone" trademarked logo. They are a perfect Christmas stocking stuffer or Hanukkah present for the Schmart person in your life...or to update your own wardrobe this season.

Schmartboard is not in the apparel business and does not make a penny of profit on these items. We just want to have the pleasure of seeing you dressed with the same sense of style that we have here at Schmartboard.

Extended Sale on Tacki Paks

just clean with IPA wipes to remove FOD and rejuvenate surface tack level.

2" x 2" Tacki Pak for 50% off while supplies Last. Electronic components and small assemblies are susceptible to ESD and physical damage as they are handled and stored. Tacki Pad™ provides an ESD safe, non-adhesive tacky surface that will limit component movement. No longer will parts slide into each other causing damage. Excellent reusability;

Schmartboard Daily Electronics News

Schmartboard has put together a daily electronics newsletter which aggregates news from many of the popular electronics news sources. The paper will be updated every day at 7:00 am PST. If you see value in it, you can subscribe, which will send you a daily e-mail, or bookmark it. Some of the content sources include EDN, ECN, Technology Review, EEVBLOG, EEWEB, Mouser Electronics, Radio Shack, EE Times, Nuts and Volts, Make, IEEE and more.

Schmartboard Around the Web

An interview with Schmartboard CEO, Andrew Young is the lead story in a recent EEWeb Pulse Magazine issue.

Other recent Schmartboard press includes a review of our Arduino shields from "Digitalduino".

Facebook & Twitter Special

We will have a special sometime this month for fans of our Facebook and Twitter Fans this month. You have to be connected to us though, or you will miss it.

www.facebook.com/schmartboard www.twitter.com/schmartboard

Schmartboard SMT Prototyping Shield for Arduino

We will give one away every month from June through the end of the 2012. Sign up today! You only have to enter once to cover you for the full extent of the contest.

This month's winner is: **Alan Miller of Spokane, WA**. What will Alan build with it? A Home Brew Temp Controller or Saltwater Reef Tank Controller. How cool is that?!

We regularly give something away on our Facebook Fan Page.
